

The SEAT Mii electric.

It's a great start.

Every first step leads somewhere. Whether it's the first step on a new journey, or the first step towards a positive change, you know you're choosing to move in a different way. The SEAT Mii electric is the great start for those who choose to do things differently — and have fun every step of the way.

Where to next?

The world doesn't stand still. And neither do you. Every challenge is an opportunity to try something new. Be curious. Keep pushing forward.

It's the way we live too. SEAT is a brand born in Barcelona. Inspired by colour and light. Fuelled by creative energy and optimism. We're here to make it easier for you to move the way you want to. So, where shall we go?

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

Moving made easy.

At SEAT we believe that moving should be effortless. For everyone.

Cars that you want to drive because they look great and feel even better. Large SUVs. eHybrids. Electric scooters and bikes. Mobility solutions to make moving through your city smarter. Brighter. More enjoyable. And above all, easier.

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

Your Mii electric.

Starting on the right foot?

It's time to move in a different way. The SEAT Mii electric comes with the right size & design for the city, advanced technology & connectivity for the future, and a range & performance to take you where you want to go. Because a better world starts with one great beginning.

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

Range & Performance

Do more. Reach higher. Go farther.

Where to next? The SEAT Mii electric features a range of 260 km with combined city & roadway driving, or 360 km with 100% city driving*.

And feel the power of the 61 kW powertrain engine with 83 hp and 212 Nm of torque as it accelerates from 0 to 50 km/h in only 3.9 seconds.

This is performance that pushes you to go even farther. So you can enjoy every moment behind the wheel.

* WLTP range of up to 259 km with combined city & roadway driving and up to 358 km with 100% city driving.

Why choose electric?

A 100% electric car not only benefits the world of tomorrow, it also improves the world you live in today. Driving in the city? The SEAT Mii electric's compact size makes it simple to find parking spots, while the electric engine allows easy access to emission-free zones.

Sustainable choices can be good for your wallet, too. In addition to accessible pricing, the SEAT Mii electric comes with fewer maintenance needs and consumption costs for a low cost of ownership.

SEAT EXS KickScooter

It's time to move in new ways.

Can't park near your destination? The SEAT EXS KickScooter powered by Segway can take you an extra 25 km on just one charge. Featuring ambient lighting and Cruise Control, the 100% electric scooter is just one more easy way to get you where you want to go.

Charging options

Keep on moving.

Need to power up on the road? Recharge your battery to 80% in 1 hour with the 40 kW DC fast charger, or in 4 hours with the standard 7.2 kW AC charger.

Or if you're charging at home, the 7.2 kW SEAT Charger lets you fill your battery to 80% in only 4 hours, or in 13 hours via standard AC 2.3 kW socket charging.

Exterior design

Spark their interest.

Like to make an impact? Sophisticated details like the Mii electric lettering on the rear add extra appeal.

On the road, lightweight 16" Machined Atom Grey Alloy Wheels improve both style and performance.

Our global range of cars and product specifications varies from country to country. Please, visit your local SEAT website to know more about the product offer available for you.

Exterior design

It's your future. Keep it looking good.

Whatever comes next, you've got the details and technologies to take it on with sophisticated style.

Tarnished grey side stickers give your SEAT Mii electric a sleek and streamlined look, while electrically-adjustable and heated exterior mirrors with integrated indicators help you always see what's behind you.

Small details. Big impressions.

Control and comfort go hand-in-hand in the SEAT Mii electric. Enjoy all you need within easy reach on the dashboard with a 5" Colour Display, radio, 6-speaker sound system and convenient smartphone holder.

Incorporate more comfort in your on-the-go lifestyle with front heated Sport seats featuring an ergonomic design. And then tie the look together with sophisticated upholstery, the leather gear stick and chrome details on the radio and air vents.

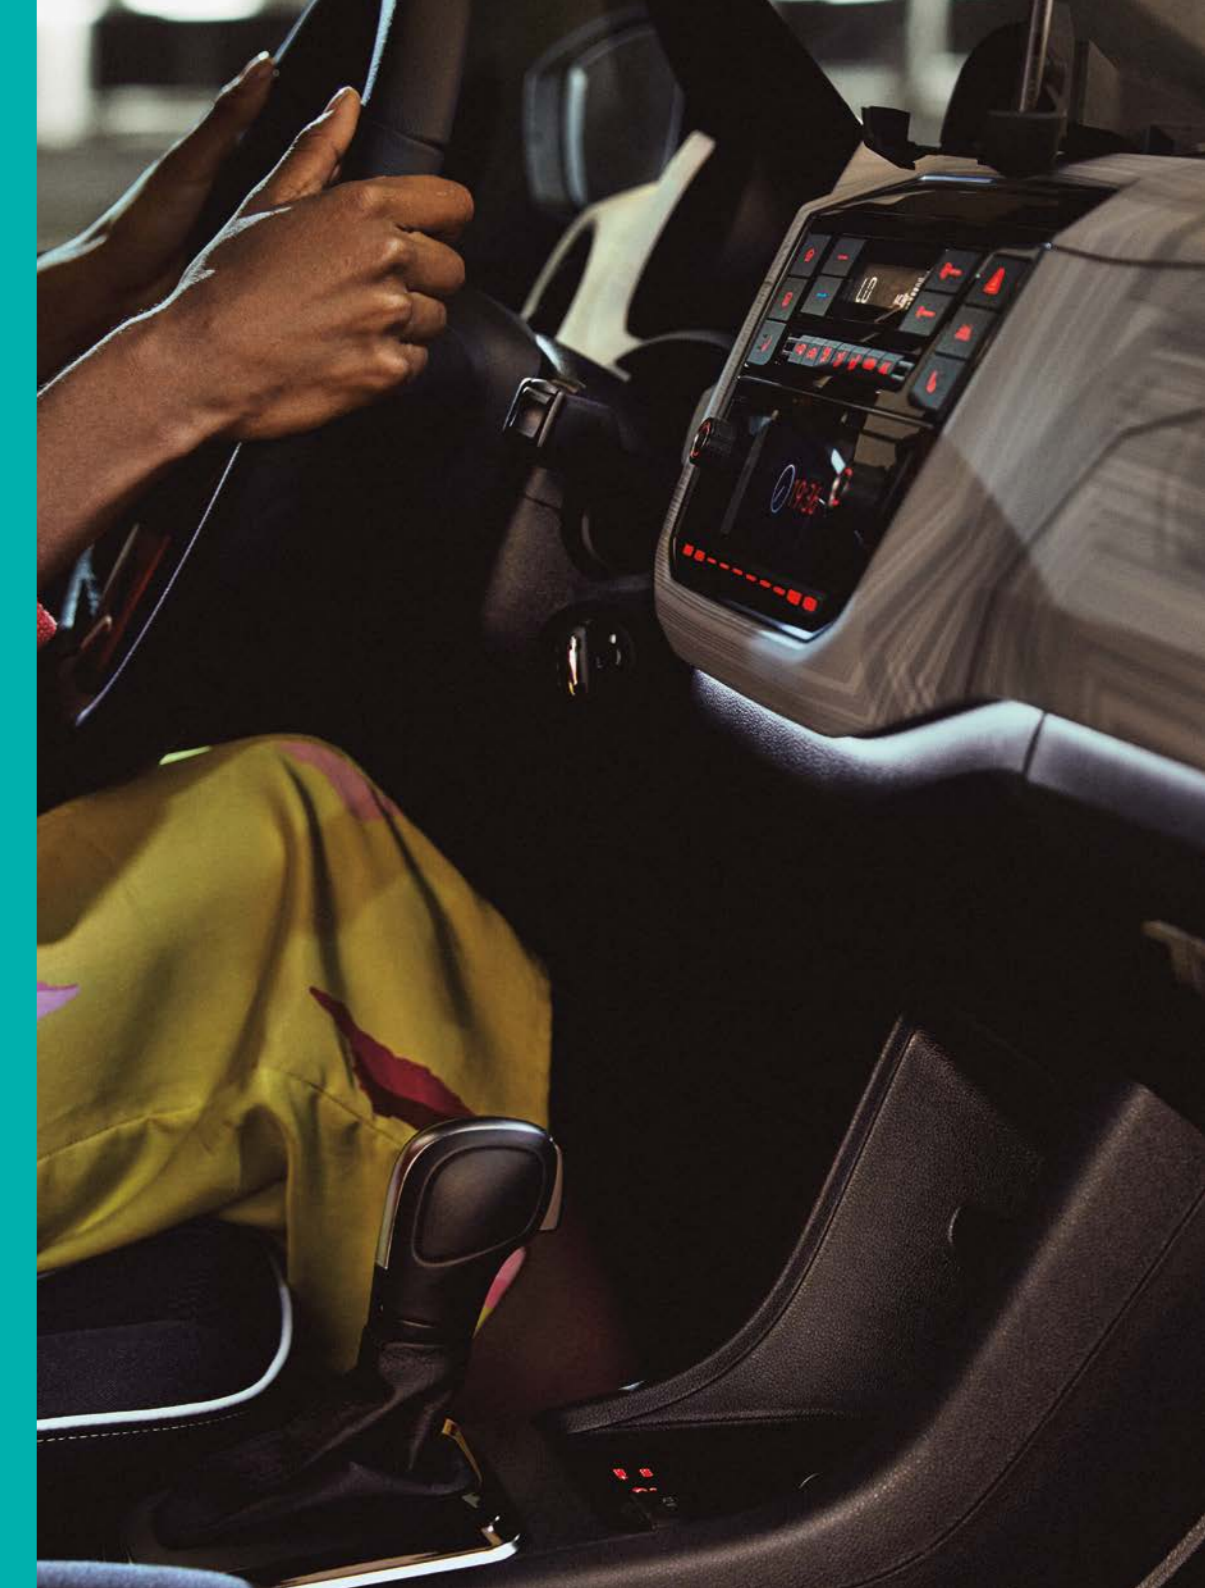

Technology for comfort

Rethink the way you feel your world.

The SEAT Mii electric comes with advanced technologies to help you enjoy the world around you. From heated front seats to the Climatronic System's automatic heating and cooling, the car is equipped for your comfort.

Want a look to match the feel? White ambient lighting under the dashboard brightens up the interior while accentuating its stylish design.

SEAT DriveMii App

You've got it all in the palm of your hand.

The SEAT DriveMii App lets you control your SEAT Mii electric from your smartphone. Check vehicle status, navigate offline, listen to music stored on your smartphone, adjust the radio and even use handwriting recognition to search for contacts and more.

Multifunction display with vehicle status.

See your total range, driving times, mileage and engine speed on the easy-to-read multifunction display.

Offline navigation.

No connection? No problem. Easily find where you're going with offline 2D and 3D maps. What's more, Traffic Sign Reminder shows you important road information directly on the map, while the Speed Limiter lets you know the maximum speed allowed for the road you're on.

Handwriting recognition.

In a hurry? Use handwriting recognition to search your contacts, calls, music and more.

SEAT CONNECT

Your car. Your world. Together.

On the go? Manage everything from electric car charging to remote climatisation to parking position directly from your smartphone. So you can rest assured your SEAT Mii electric is ready to go whenever you are.

e-Manager.

Planning ahead pays off. Start charging your battery from wherever you are, whenever you want, so you can set off with a full charge. Want to avoid peak hours? e-Manager also lets you choose when to charge, allowing you to take advantage of the cheapest electricity hours.

Parking position.

Not sure where you parked? Easily find your SEAT Mii electric thanks to its GPS locator. Far away? No worries. There's no limit to the search radius.

Vehicle status.

Knowledge is power. Check the current status of your car, including doors & lights, from your smartphone.

Remote climatisation.

Comfort in all weather. Remotely set the climatisation system to warm or cool your car to your ideal temperature before you arrive.

Departure times.

Love to make the most of your day? When you set a recurring or one-time time of departure, your car will be charged and climatised before you get in.

Driving data.

Improve trip efficiency by checking information on your average speed, total driving time, total distance travelled and average overall fuel economy — all from your smartphone.

Technology for safety

Powered by peace of mind.

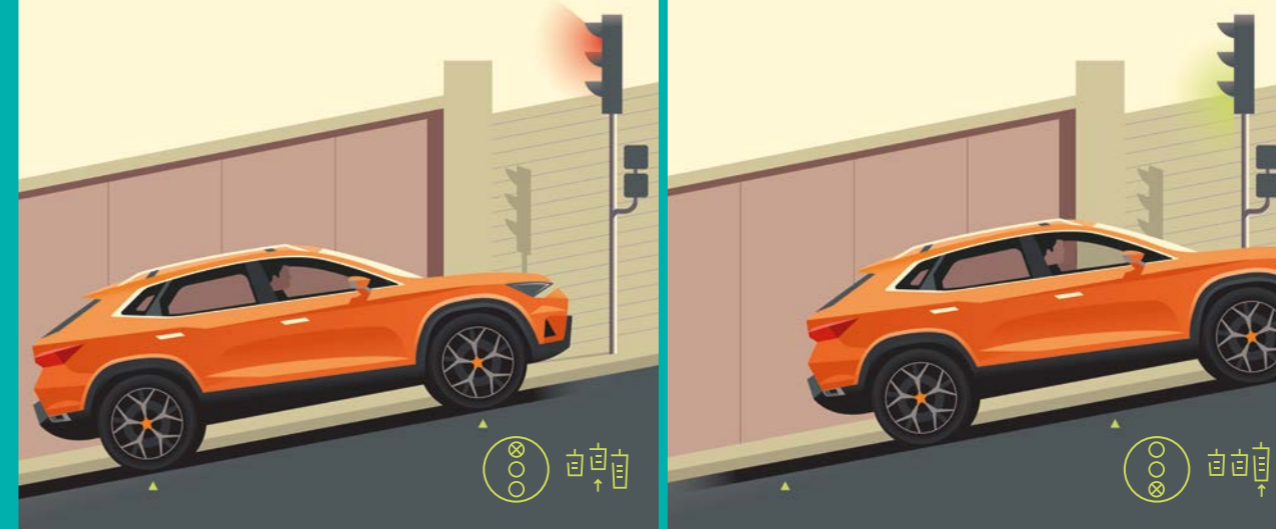

When you've got the confidence to move in new ways, change comes easy. The SEAT Mii electric comes with advanced tools and technologies to ensure that every drive is easy and safe.

Rain sensor.

Bad weather? This sensor in the rear view mirror automatically regulates wiper blade frequency depending on the amount of rain, ensuring good visibility.

Front & side airbags.

A little extra protection goes a long way. Driver and front passenger airbags, in addition to side airbags, automatically activate in case of collision.

Hill Hold Control.

Pulling out from hill parking is easy and requires no parking brake thanks to this feature that prevents backward-rolling.

Lane Assist & Traffic Sign Reminder.

Long trip? Lane Assist uses corrective steering to keep your car in its lane, while Traffic Sign Reminder displays important road information directly on the navigation map.

Rear parking sensor.

The SEAT Mii electric is an all-around urban car, featuring a rear parking sensor for pulling into tight spaces.

Your way.

How will you start?

SEAT Mii electric.

This is the first step.

The SEAT Mii electric comes with all the essentials. From advanced technology to interior comfort, all you need to enjoy driving your new electric car is right here. Ready to start?

Choosing your own style?

Set the trend by choosing an optional black roof and matching exterior mirrors for your SEAT Mii electric. Available for all colours.

Keep your focus.

Traffic Sign Reminder displays important road information directly on the map, helping you concentrate on the road ahead.

Standard Equipment

- Traffic Sign Reminder
- Lane Assist
- Hill Hold Control
- Tyre pressure control
- Rear Mii electric lettering and side stickers
- Urban 14" wheel covers
- Exterior mirrors, adjustable from the inside
- Halogen headlights

- Charging cable mode 3
- Gear stick in leather
- Side and rear windows in heat-insulating glass
- Windscreen in heat-insulating glass
- Fabric seat trim covers
- SEAT CONNECT Gen1

01

02

01 Sit back and relax.

Make your ride even more comfortable with Cruise Control by setting your desired speed and letting the car accelerate and decelerate for you.

02 What's playing next?

Play the music that keeps you going on a 5" Colour Display with a radio and 6 speakers, including ports for Bluetooth®, USB and SD so you can connect your own device.

03

04

03 Connected to your world.

From driving data to easy navigation, the SEAT DriveMii App helps you stay in control on the road. And with a convenient smartphone holder and USB charger located directly in the dashboard, you're always connected.

04 No stress.

At speeds above 65 km/h, Lane Assist helps your car stay in its lane via a rear view mirror camera that can detect lane markings.

05

06

05 Like to be in the know?

Keep an eye on speed, mileage, charge status and more in the front-and-centre instrument cluster.

06 Winter-ready.

Skip scraping the windscreen on cold mornings thanks to a heated windscreen with thin, finely-embedded heating wires.

SEAT Mii electric Plus.

It's time to power up.

When you choose electric, you choose to take a new step forward. Make it more meaningful with even more advanced technologies and comforts to elevate every ride.

Take it easy.

The rain and light sensor in the rear view mirror automatically regulates wiper blade frequency depending on the amount of rain. It also monitors light, adjusting the brightness of your headlights to your surroundings.

Keep looking forward.

Caught in bad weather? Front fog lights reduce the amount of light reflected from fog, rain or snow.

In addition to everything in the Mii electric, the Mii electric Plus includes:

- Rain and light sensor
- Dark greenhouse
- Design 16" Machined Atom Grey Alloy Wheels
- Front fog lights
- Dark-tinted side rear and rear windows
- 6 speakers
- Electric and heated exterior mirrors
- Heated Sport seats
- Small Leather Pack
- Seat covers with white stitching

01 Comfort in your control.

Need to warm up? Individually heated front Sport seats let you and your passenger set your own temperatures.

02 Your connected car.

Want to manage your SEAT Mii electric directly from your smartphone? Check vehicle status, navigate offline, listen to your music and more with the SEAT DriveMii App.

03 Style x Four.

Looks and functionality come together in 16" Alloy Wheels with a bold Atom Grey colour.

04 More matters.

Looking for some extra protection and privacy? Enjoy dark-tinted windows in the rear and side rear.

05 Keep an eye on what's behind.

Both driver and passenger can adjust their electric exterior mirrors from inside the car, while the heating function prevents frost build-up in cold weather.

06 A touch of luxury.

The Leather Pack's leather steering wheel and parking brake pair perfectly with the gear stick of the same material, rounding off the SEAT Mii electric's sophisticated interior.

Positive protection.

Fully covered for bolder living.

SEAT e-CARE makes moving forward easy. Full protection on your electric car, including Service & Maintenance, Roadside Assistance, Extended Warranty and even your own Holiday Car. Worry-free future, sorted.

SEAT e-CARE

Put your best foot forward.

Whichever way you're going, choose quality service that'll keep your electric on the road. We've got a range of packs to set you straight.

Small pack.

The basic pack features Service and Inspection, Roadside Assistance and Car Warranty.

Medium pack.

In addition to the Small Pack, enjoy Service and Limited Maintenance, Winter Tyres, Storage, a Courtesy Car and Insurance (with deductible).

Large pack.

In addition to the Medium Pack, experience Full Maintenance, Tyre change and Insurance (without excess).

Get out there for less.

Easy mobility for as long as you need it. Available anywhere from 1 to 4 years, SEAT Lease&Care covers all your maintenance, insurance and warranty needs from only €XXX per month, with no down payment.

Sustain the good life.

SEAT After Sales services keep your SEAT Mii electric in good condition, with the level of service you'd expect. Covered from day one, so you can step in and get to living.

We care. So, you don't have to.

The SEAT Warranty Extension lets you extend your 2-year manufacturer's warranty for 1, 2 or 3 years, or up to 100,000 km — whatever comes first. And if your car is new, the warranty comes included. Easy. Cost-effective. Worry-free.

Chill. Take it easy.

SEAT Insurance is tailor-made to your car. To keep you moving all year round. Our 24-hour customer service and official workshops using only SEAT Genuine Parts get you back on the road. Vandalism or theft? No problem. We'll pick you up and get you sorted out.

No worries. We've got you.

In need of a tow? Recharge? Or on-the-spot repair? SEAT Mobility Service has your back. 24/7 from anywhere in the EU, for up to 10 years. Complete, reliable roadside assistance. And best of all? If your SEAT is new, you get 2 years free.

Leave it for us. More time for you.

Better service means more time left over for living. Just give us a call whenever your SEAT Mii electric is in need of maintenance or servicing. The Car Pick Up and Delivery service will collect the car from your home or work and return it to the same location when the work's complete.

SEAT Charger

Where do you find your energy?

Home is the best place to recharge. Get the SEAT Charger installed to start charging your SEAT Mii electric in a quick and easy way.

The SEAT Charger charges your battery to 100% in 3 hours compared to 6 hours with the conventional plug.

The connected SEAT Charger is a smart solution that lets you manage your car-charging all in one place.

SEAT Charger.

The best solution to charge safely, easily and quickly. Available in 1ph and 3ph versions for up to 11kW AC.

SEAT Charger Connect.

Connects to your home internet to add remote functionality. Download the SEAT Easy Charging App and check updates, data from your smartphone.

SEAT Charger Pro.

Includes all the benefits of the SEAT Charger Connect, but adds mobile LTE for enhanced connectivity. Measure and manage your consumption remotely with a certified MID electric meter.
